Increasing Education

We can help you!

The SEMO Assets Program helps low-income families to save money to be used in one of three ways: for the down payment on their first house, for post-secondary education expenses, or for small business capital. The money the family saves will be deposited into an Individual Development Account (IDA) and matched by EMAA.

Future home-owners could earn up to \$5,000 by saving only \$1,000 of your own income.

Small Business and Post-secondary Education savers can earn up to \$4,500 by saving only \$500.

Program Qualifications include:

Annual incomes that are at or below 200% of the Federal Poverty Guidelines

Six month minimum enrollment

At least one working adult in the home

Commitment to participate in the program

Participation in Financial Literacy workshops (FREE)
